Re: Spill Cleanup

Dear Joe:

I wanted to extend my gratitude for the recent cleanup that AWT performed for us. Because of the type of operation that we have at FPL, rapid and professional response is essential. On more than one occasion AWT's response to emergencies and routine work has helped us minimize cost and downtime, and for that we thank you. It is great to have a reliable contractor nearby that we can count on. Keep up the good work.

Sincerely,

Manny Canales
Plant Leader
